#### APPLICATION TYPE

#### Is this an application for a Regional Planning Grant or an Interregional Planning Grant?

- a) ☒ Regional Planning Grant  
b) ☐ Interregional Planning Grant

#### Q1. PROPOSAL DESCRIPTION

Provide a brief abstract of the Proposal. Please note if the Proposal will facilitate or support the participation of DAC's in the IRWM planning effort.

This Work Plan describes the work plan that will be used to update the Watersheds Coalition of Ventura County (WCVC) Integrated Regional Water Management Plan. This proposal includes two related focused studies. The WCVC is the Regional Water Management Group responsible for IRWM planning and implementation projects in Ventura County. The WCVC IRWM Plan was adopted in 2006 by the WCVC and more than 30 stakeholder entities in the WCVC IRWM Region. The existing WCVC IRWM Plan is being implemented through regional and local projects and programs with oversight from the WCVC. The WCVC was officially created in 2006, though ongoing IRWM programs have been in place since 2002 when the two predecessor groups (Ventura Countywide IRWM Group and the Calleguas Creek Watershed Steering Committee) started their IRWM planning programs. Prior to that, local entities have been successfully implementing water and environmental stewardship projects and programs since the mid 1970s. The WCVC was accepted as an IRWM Region by DWR in 2009 following the Region Acceptance Process. The existing WCVC IRWM Plan must be updated to reflect the revised IRWM Plan standards in the Proposition 84 IRWM Funding Guidelines and to include a progress report on IRWM Plan implementation since its adoption in 2006. The updated WCVC IRWM Plan will contain all the required elements. The proposal to update the WCVC IRWM Plan also includes two focused studies: the Ventura River Watershed Bio-Digester Planning Study and the Update to the Regional Groundwater Flow Model. These two focused studies will develop information that will be valuable in bridging data gaps and guiding the development of future regional projects that will enhance the WCVC IRWM Plan. The WCVC IRWM Plan Update will be conducted by staff in the Ventura County CEO's office and other County departments with technical assistance from consultants working on the County's Climate Action Plan. The Bio-Digester Planning Study will be conducted by a consultant working with a team of local entities. The Updated Regional Groundwater Flow Model will be conducted by the United Water Conservation District staff. Work related to assessing climate change impacts will be conducted by a consultant to be hired by the County. The WCVC watershed committees, steering committee, and general membership committee will be actively engaged in development of the IRWM Plan Update through participation in its development of projects and programs, review of the IRWM Plan update document and related studies, and through adoption of the IRWM Plan Update. The preparation of the WCVC IRWM Plan Update and related grant management tasks are detailed in the Work Plan attachment. This is an important step in the ongoing IRWM Program. This is a stakeholder driven process. The WCVC IRWM Region's success to-date is evidenced by the close working relationships among all the partners and stakeholders. Together, the planning and stakeholder process will lead to improved integrated regional water management and the enhancement of resources for all residents of Ventura County.

#### Q2. PROJECT DIRECTOR

Provide the name and details (including email) of the person responsible for executing the grant agreement for the applicant. Persons that are subcontractors to be paid by the grant cannot be listed as the Project Director.

Susan Hughes, Deputy Executive Officer CEO's Office County of Ventura 800 S. Victoria Ave, Ventura, CA 93009 Susan.Hughes@ventura.org (805) 654-3836

#### Q3. PROJECT MANAGEMENT

Provide the name and contact information (including email) of the Project Manager from the applicant agency or organization that will be the day-to-day contact on this application.

Lynn Rodriguez, Project Manager WCVC IRWM Program 800 S. Victoria Ave., Ventura, CA 93009 lynn.rodriguez@ventura.org (805)654-2455

#### Q4. APPLICANT INFORMATION

Provide the agency name, address, city, state, and zip code of the applicant submitting the application.

County of Ventura 800 S. Victoria Ave., Ventura, CA 93009

#### Q5. ADDITIONAL INFORMATION

Based on the region's location, what are the applicable DWR regions (Northern, North Central, South Central, and/or Southern)? The following link can be used to view each DWR region office boundaries:

#### Q7. ELIGIBILITY

Does the application represent a single application from an IRWM Planning region approved in the RAP (see section II, Table 1 of the Planning PSP)?

Yes

If yes, include the name of the IRWM Planning region. If no, explain.

WCVC (Watersheds Coalition of Ventura County) IRWM Region

#### Q8. ELIGIBILITY

Is the applicant a local agency or non-profit organization as described in Appendix B of the Guidelines?

Yes

If no, please explain.

#### Q9. ELIGIBILITY

List the urban water suppliers that will receive funding from the proposed grant. Those listed must submit self certification of compliance with California Water Code (CWC) §525 *et seq.* and Assembly Bill (AB) 1420 (see Attachment 6 of the Planning Grant PSP). If there are no urban water suppliers, so indicate.

United Water Conservation District (UWCD). Compliance documentation for AB1420 has been submitted with this application. Because the funding being requested for UWCD's focused study is not one of the required project types (section 529.5 CWC) for certification for compliance with water metering requirements for funding application, the self-certification form in compliance with section 529.5 of the CWC was not submitted for UWCD.

#### Q10. ELIGIBILITY

Have all of the urban water suppliers, listed in Q9 above, submitted complete 2005 Urban Water Management Plans (UWMP) to DWR? Have those plans been verified as complete by DWR? If not, explain. Will all of the urban water suppliers listed in Q9, along with any additional urban water suppliers that meet the urban water supplier definition threshold for the first time, submit updated 2010 UWMPs, consistent with the 2010 UWMP Guidebook and verified as complete by DWR, before the execution of a grant agreement? If not, explain.

Yes. Yes. UWCD is currently working on their 2010 UWMP update and will submit the completed plan to DWR by the retailer/wholesaler deadline of July 1, 2011. Answer to Question #11 - WCVC IRWM Plan was adopted in December of 2006

#### Q12. COMPLETENESS CHECK

Have all of the fields in the application been completed?

Yes

If no, please explain.
